

Alameda County Flood Control and Water Conservation District
Request for Qualifications
Specification, Terms & Conditions
for the
On-Call Hazardous Materials Phase I and Phase II
Site Investigation and Remedial Services
RFQ No. FLO202302106
Addendum No. 1
April 11, 2023

1. Who is the incumbent? If there is none, who has been used in the past for similar services? **There are two incumbents: Ground Zone Environmental Services and Ninyo & Moore Geotechnical & Environmental Science Consults.**
2. Is there a backlog of services that need to be performed? **There is no backlog of services.**
3. Regarding the SLEB requirement, I have found our firm on the SLEB list. However, it has our old address, and I am unable to edit it. **You will need to contact the SLEB Certification Unit at 510-891-5500 or by email https://www.acgov.org/form_app/feedback/feedback.jsp?id=AUDsleb**

We are also listed as “non-certified local”. Does this fulfill the 20% requirement? **A non-certified local will not satisfy the 20% SLEB requirement.**
