

CONTRACTOR’S INQUIRY RESPONSES

**THE ASPHALT RUBBER STREET
SEALING/SLURRY STREET SEALING
OF PORTIONS OF VARIOUS ROADWAYS
IN THE UNINCORPORATED AREAS OF
ALAMEDA COUNTY, CALIFORNIA
SPECIFICATION NO. 2454/2455**

The responses to contractors' inquiries, unless incorporated into a formal addendum to the contract, are not a part of the contract and are provided for the contractor's convenience only. In some instances, the question and answer may represent a summary of the matters discussed rather than a word-for-word recitation. The responses may be considered along with all other information furnished to prospective bidders for the purpose of bidding on the project. The availability or use of information provided in the responses to contractors' inquiries is not to be construed in any way as a waiver of the provisions of section 2-1.07 of the Standard Specifications or any other provision of the contract, the plans, Standard Specifications or Special Provisions, nor to excuse the contractor from full compliance with those contract requirements. Bidders are cautioned that subsequent responses or contract addenda may affect or vary a response previously given and any such subsequent response or addenda should be taken into consideration when submitting a bid for the project. Inquiries must be submitted by the deadline specified in the project Special Provisions.

This document will be continuously updated. It is the contractor’s responsibility to check for updates.

UPDATED (3-30-2023):

Inquiry No.	Inquiry	Response
1	Will the County specify which Type of Microsurfacing is specified for the upcoming project in subject? The item associated with Microsurfacing on the attached bid schedule references SP Section 37-3, which is a broad specification covering both Type II and Type III Microsurfacing. The specific Type for the Micro however, is not outlined as is the Type II Slurry Seal item.	Type II Microsurfacing will be used for this project.
