

REQUEST FOR INDEPENDENT ADU PLAN PREAPPROVAL

I hereby request that the County review and preapprove the enclosed design for a new Accessory Dwelling Unit (ADU).

I understand that preapproval of my ADU plans does not constitute an endorsement or recommendation of my design or my business services by the County of Alameda.

I understand that, should my ADU plans be preapproved, a valid building permit is still required to construct my ADU on parcels within Unincorporated Alameda County.

I understand that all preapproved ADU plans are listed publicly on the County of Alameda's webpage. I give the County of Alameda permission to share my contact information (name, email, phone, and webpage) and the final preapproved front elevation and floor plan on the webpage in order to represent this preapproved plan to the public.
