LEGEND

- # Priority Recommendation
- # General Recommendation
-  Variable Speed Feedback Sign
-  Sidewalk/Curb Extension
-  Red Curb
-  School Crossing Assembly & Pedestrian Activated Warning Device
-  Curb Ramp
-  Crossing Gaurd

D STREET EXISTING CONDITIONS

- Uneven and inconsistent walkway surfaces
- Utility poles in the street
- Parking in walkways

D STREET

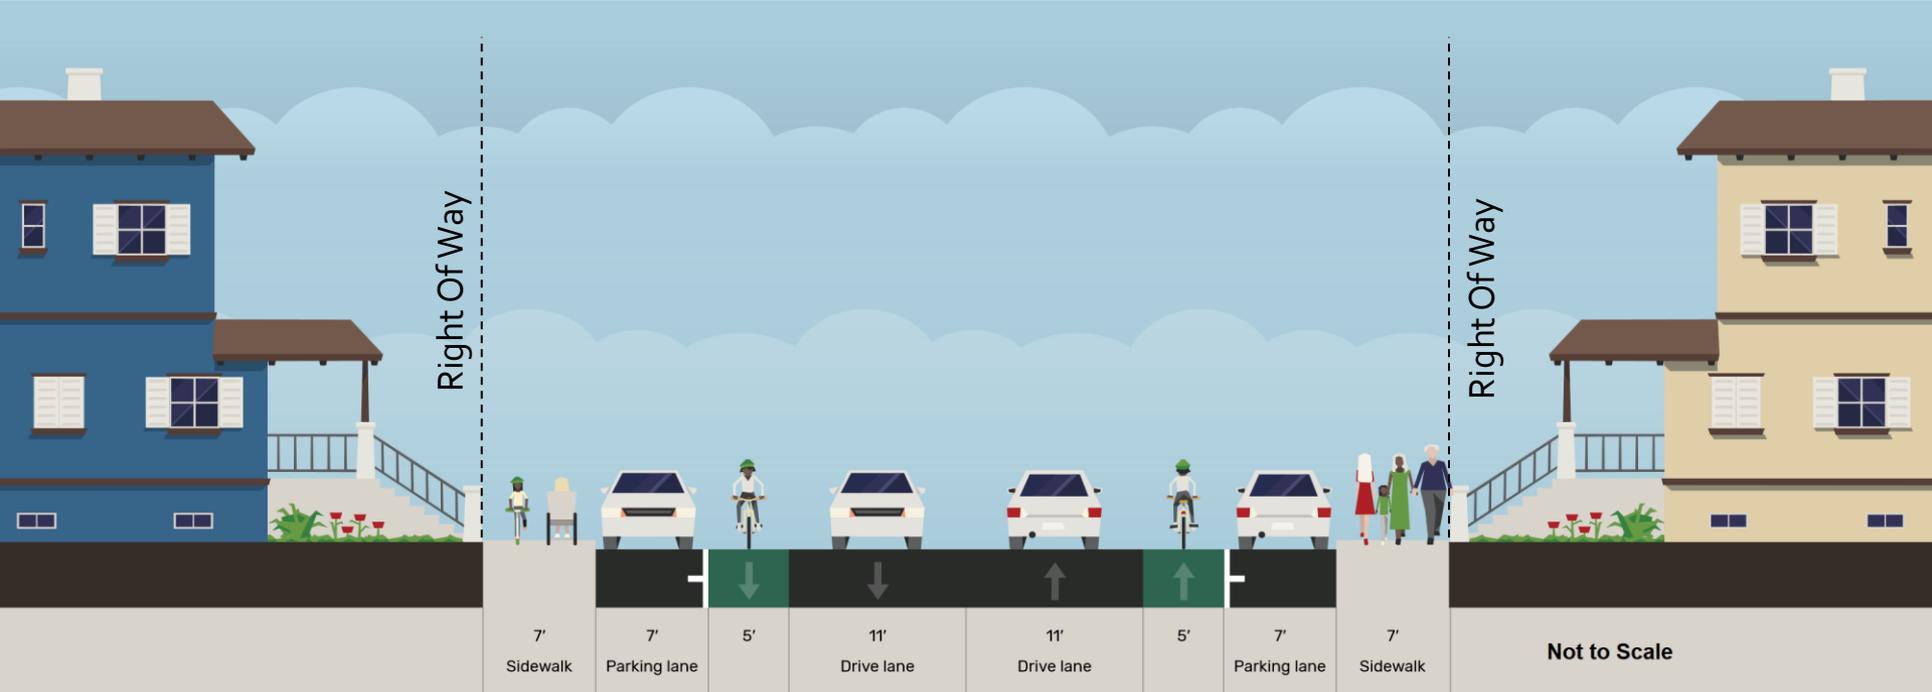

Western Segment

Western Segment Length = 2200'

D STREET

Western Segment Typical Section - 60' Wide

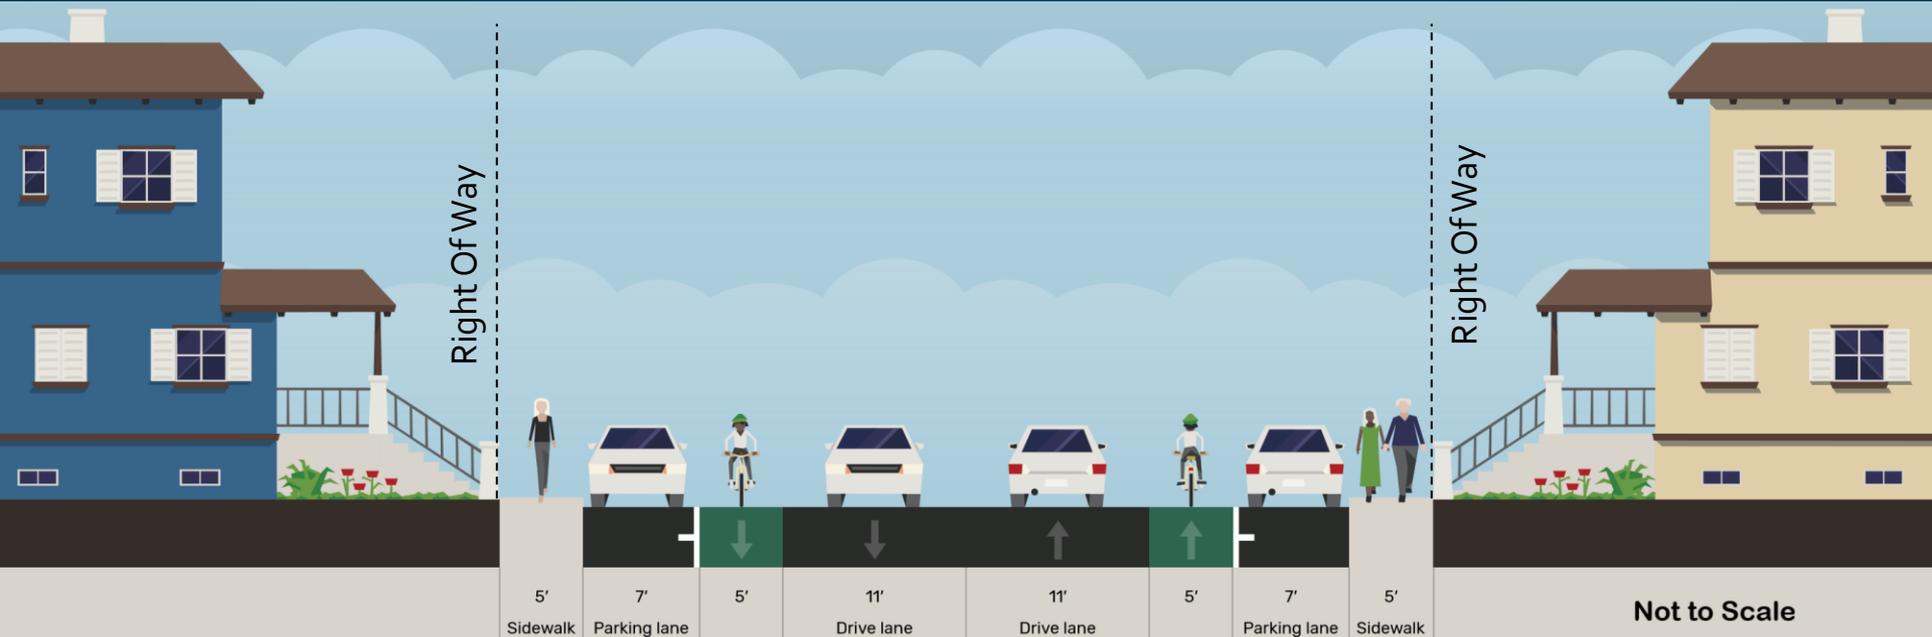

Western Segment Lane Summary:

- 11' Traffic Lanes
- 5' Class 2 Bicycle Lanes
- 7' Parking Lanes
- 7' Sidewalks

D STREET

Central Segment Typical Section - 56' Wide

Central Segment Lane Summary:

- 11' Traffic Lanes
- 5' Class 2 Bicycle Lanes
- 7' Parking Lanes
- 5' Sidewalks

D STREET

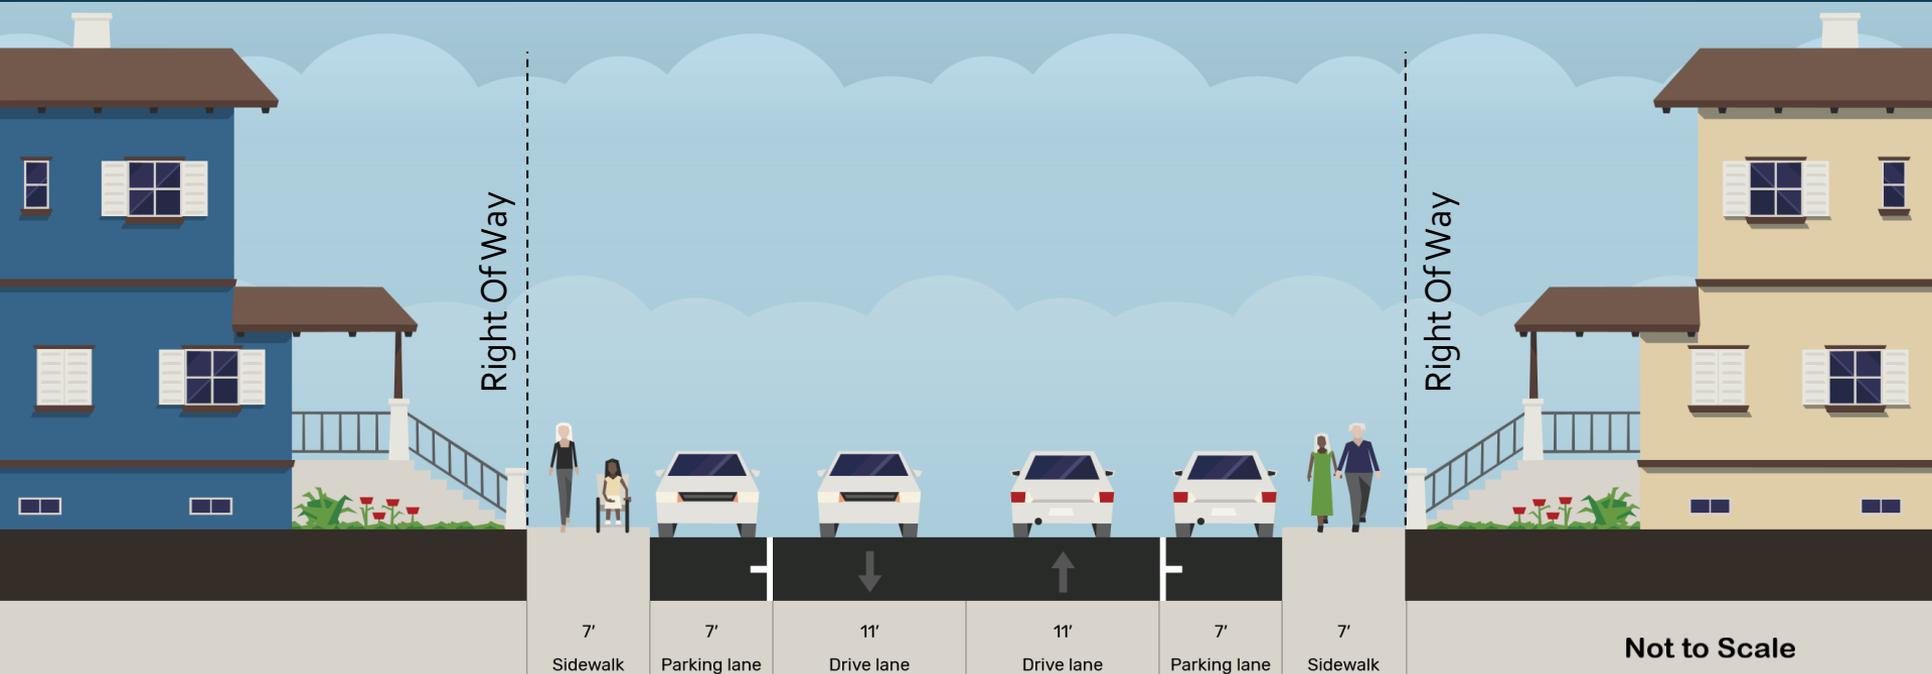

Eastern Segment

Eastern Segment Length = 1,420'

D STREET

Eastern Segment Typical Section - 50' Wide

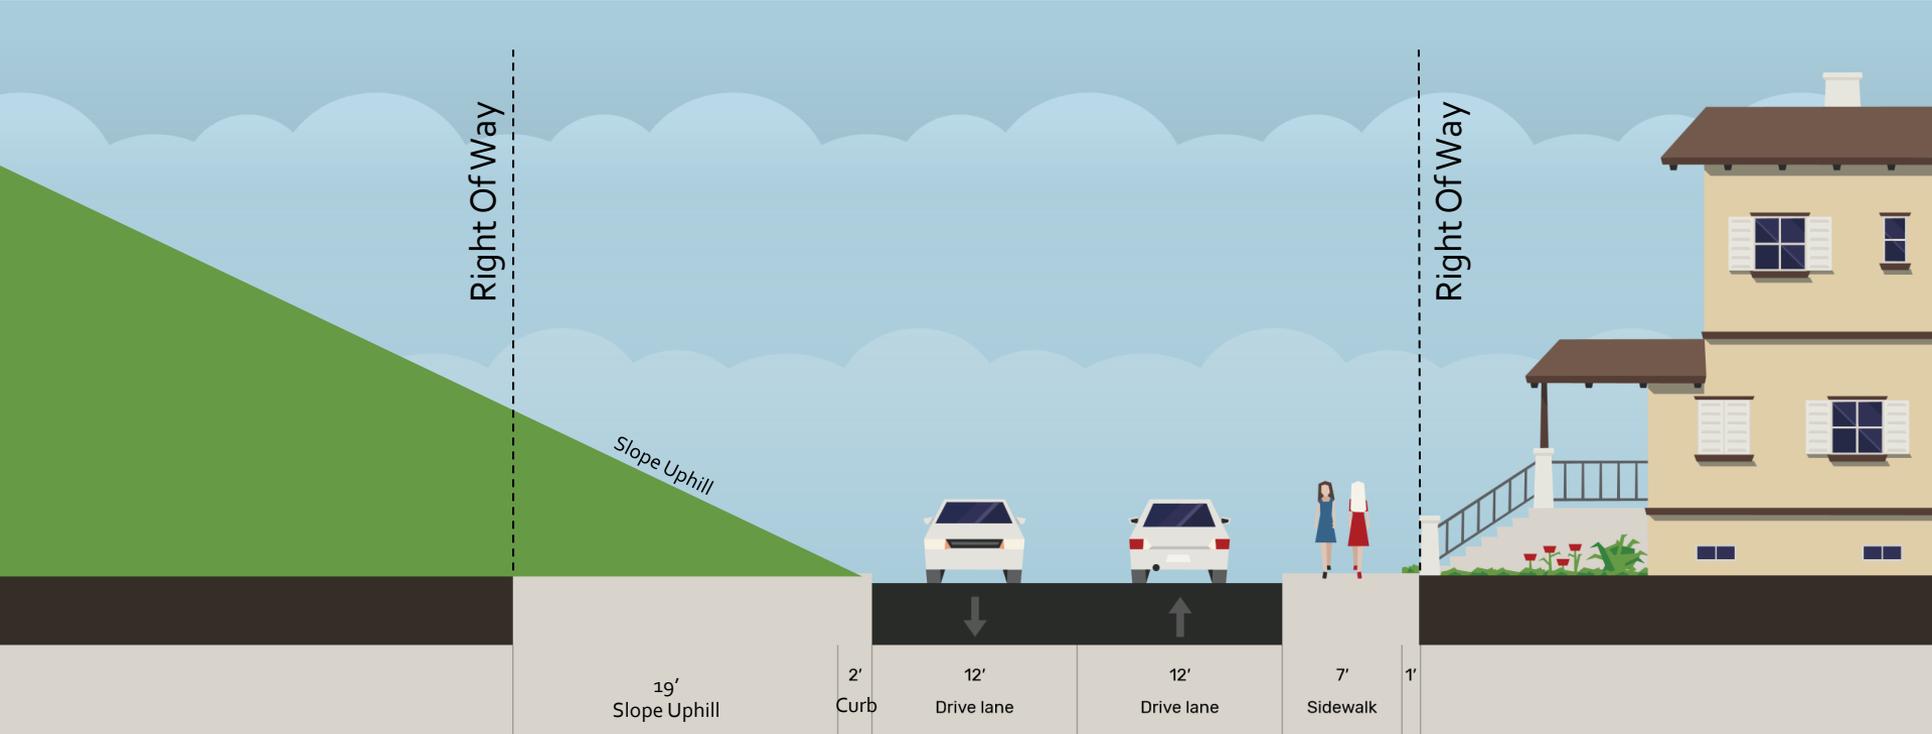

Eastern Segment Lane Summary:

- 11' Traffic Lanes
- 7' Parking Lanes
- 7' Sidewalks

D STREET

Far Eastern Segment Typical Section - 53' Wide

Far Eastern Segment Lane Summary:

- 12' Traffic Lanes
- 7' Sidewalk on north side

D STREET LAYOUT SUMMARY

Segment	Right of Way	Sidewalk Width	Bicycle Lanes
Western	60'	7'	Yes
Central	56'	5'	Yes
Eastern	50'	7'	No
Far Eastern	53'	7' (north side)	No
