Somerset Avenue Sidewalk Improvement Project Poll

On April 26, 2022, a virtual community meeting was held to discuss community priorities regarding **on-street parking** and **bike facility options** for the implementation of the Somerset Avenue Sidewalk Improvement Project.

At the meeting, the Alameda County Public Works Agency presented proposed improvements under three design alternatives. Visit the project website to review the design alternatives, conceptual layouts, and presentation at:

https://www.acpwa.org/projects/2022/Somerset_Ave.page.

A poll was made available during the meeting to provide attendees an opportunity to rank the three alternatives and provide comments. For those who were unable to attend the meeting, you can still complete and submit your choices by filling out the poll at bit.ly/som-poll. **The deadline to complete and submit the poll is Tuesday, May 3, 2022.**

The Somerset Avenue Sidewalk Improvement Project, from Stanton Avenue to Redwood Road in Castro Valley, is intended to improve pedestrian, bicycle, and traffic safety. *If you have questions or comments regarding this project, please email info@acpwa.org.*

###

Our mission and goal is to provide, maintain and preserve public infrastructure in an efficient and effective manner while promoting a healthy and sustainable environment that supports safe and livable communities.
